COURSE INFORMATION

Gain currency in your TAE knowledge and skills by diving into the fundamental dimensions of assessment planning and mapping!

Our A-Z Planning and Mapping Assessment course will offer you a simple kickstart to your assessment PD journey. This focussed approach to implementing quality assessment, mapping and evidence gathering will give you added confidence to use independently designed documentation, accurately interpret evidence gathered and enable the application of quality review practices.

You will experience learning through custom designed, multi-media learning materials that will change the way you interact online!
